Appeal

The student suspended out of school shall have the right to appeal the principal's suspension action by following the procedures outlined below:

THE OUT-OF-SCHOOL SUSPENSION IS FOR TEN (10) DAYS OR LESS (SHORT-TERM)

- A student who has been given a short-term out-of-school suspension and the student's parent/guardian have the right to appeal the out-of-school suspension decision to a building SRC.
- Within five (5) days from the date the principal's decision is received by the parent/guardian or student, the student or the student's parent/guardian may request, in writing, a review by the building SRC. The SRC is composed of teachers and/or administrators.
- The SRC will meet to review the suspension action as soon as possible. The principal will notify the student's parent/guardian of the date, time and place of the hearing not less than 24 hours' notice in advance of the hearing.
- The student and the student's parent/guardian will have a right to be present at the hearing and to present evidence and witnesses that support their position. Either party wishing to have legal counsel present must give the other party 24 hours in advance of the hearing.
- The SRC will sustain, rescind, or modify the out-of-school suspension action. THE DECISION OF THE SRC WILL BE FINAL AND NONAPPEALABLE.

THE OUT-OF-SCHOOL SUSPENSION IS FOR MORE THAN TEN (10) DAYS (LONG-TERM)

- A student and/or parent/guardian may appeal the out-of-school suspension decision of the principal to the Superintendent of Schools and the Board of Education.
- Within five (5) days from the date the principal's decision is received by the parent/guardian or student, the student's parent/guardian may request, in writing, a review of the out-of-school suspension by the

Superintendent. The Superintendent will schedule a hearing as soon as possible, notify the parent/guardian of the date, time and place of the hearing.

- The Superintendent will review the facts, determine the guilt or innocence of the student, the reasonableness of the term of the suspension and decide to sustain, rescind, or to modify the out-of-school suspension. The Superintendent will notify the student's parent/guardian of the decision at the conclusion of the hearing.
- If the student and/or parent/guardian is not satisfied with the action of the Superintendent, the student and/or parent/guardian may appeal that decision to the Board of Education by written notice to the Superintendent or Board Clerk within five (5) days after the Superintendent's decision. The student and/or parent/guardian will be notified in writing of the date, time and place of the Board of Education hearing at least 24 hours prior to the hearing. The student and the student's parent/guardian will have a right to be present in person at the hearing. Both the administration and the student or student's parent/guardian will have the right to present evidence and witnesses to support their position and to be represented by legal counsel. The Board of Education will determine the guilt or innocence of the student and the reasonableness of the term of the out-of-school suspension. The Board will sustain, rescind or modify the out-of-school suspension action. THE DECISION OF THE BOARD OF EDUCATION WILL BE FINAL AND NONAPPEALABLE.

The appeal hearings are based on the following criteria:

- Is the student guilty or innocent of a violation of a school rule, policy, or regulation?
- Is the term of the out-of-school suspension reasonable and in keeping with the severity of the infraction?

A student with a disability and his/her parent or guardian are entitled to the procedural protections of Section 504 of the Rehabilitation Act of 1973 and/or the Individuals with Disabilities Education Act before the student's placement is changed for disciplinary reasons. For additional information about this process, contact the Special Services Director at 918-535-2205 or via email at klongan@caneyvalleyschool.org.

Bullying

Bullying or harassment is considered a repeated pattern of threatening, intimidating, or endangering behavior toward others. Harassment or bullying of others is forbidden. This includes but is not limited to bullying person-to-person, by proxy of another person or through technology. Students who harass or bully others will be subject to the same disciplinary actions imposed for other rule infractions which may include but is not limited to suspension and police intervention. Reports of bullying or harassment should be made to the principal or counseling office. The Caney Valley Schools district bullying policy can be found at the Caney Valley Schools website (www.caneyvalleyschool.org) under the District Policy Manual tab or at the Education Service Center (620 Wyandotte Ave., Ramona).

Custodial & Non-Custodial Parental Rights

Child custody and/or domestic relations disputes cannot and will not be resolved by schools. School teachers and administrators are neither qualified nor in the business of interpreting custody decrees and statutes.

Absent a court decree to the contrary, both natural parents have the right to view the student's school records; to receive school progress reports; to visit the child briefly at the school; and to participate in parent and teacher conferences (not necessarily together in the same conference). To the maximum degree possible, both parents are encouraged to be involved in making educational decisions relative to their children. As a matter of practice, the District will rely on the custodial parent to direct the District with regard to what last name to call the child (on official records, the legal name must be shown unless directed by legal document) absences, emergency numbers and the like.

If the custodial parent does not wish for the child or children to be released to the non-custodial parent, an appropriate written instruction and a copy of the custody decree should be filed with the school. All staff members are instructed to refer any questions to the appropriate building principal. The non-custodial parent will have to make arrangements with the custodial parent if he/she desires to pick the child up at school. If such arrangements are made, the custodial parent must notify the District. In the event the District has not received such notice, the District will notify the custodial parent should an attempt be made by someone else to pick up the child.

Electronic Device Confiscation and/or Search Policy

Any and all electronic devices, including but not limited to cell phones, smart phones, tablets, laptops, MP3 players, or any other type of mobile electronic device, have a reduced expectation of privacy once they enter any school zone and may be subject to confiscation and/or search should a school violation be suspected.

Possession and/or use of any personal electronic device is a privilege, not a right, that is extended to the student, which, at the discretion of the school, may be revoked should circumstances warrant.

FERPA Rights

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

- 1) The right to inspect and review the student's education records within 45 days after the day Caney Valley Schools receives a request for access.
 - o Parents or eligible students should submit to the school principal or Special Services Director a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- 2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

- o Parents or eligible students who wish to ask Caney Valley Schools to amend a record should write the school principal or Special Services Director, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- 3) The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.
- o One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
 - o Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]
- 4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by Caney Valley Public Schools to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:
- Family Policy Compliance Office
 - U.S. Department of Education
 - 400 Maryland Avenue, SW
 - Washington, DC 20202

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student –

- o To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- o To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- o To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency in the parent or eligible student's State (SEA). Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education

programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)

- o In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- o To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released, subject to §99.38. (§99.31(a)(5))
- o To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))
- o To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))
- o To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- o To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- o To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))
- o Information the school has designated as "directory information" under §99.37. (§99.31(a)(11))

FERPA Directory Information

Caney Valley Schools School Board Policy states:

- 1) The School District proposes to designate the following information contained in a student's record as "directory information," and it will disclose that information without prior written consent:
 - A) The student's name;
 - B) The student's grade level (i.e., first grade, tenth grade, etc.);
 - C) The student's participation in officially recognized activities and sports;
 - D) The student's degrees, honors and awards received;
 - E) The student's weight and height, if a member of an athletic team;
 - F) The student's photograph; and
- 2) Within the first three weeks of each school year, the school district will publish the above list, or a revised list, of items of directory information it proposes to designate as directory information. For students enrolling after the notice is published, the list will be given to the student's parent or the eligible student at the time and place of enrollment.
- 3) After the parents or eligible students have been notified, they will have two weeks to advise the School District in writing (a letter to the Superintendent of Schools' office) of any or all of the items they refuse to permit the School District to designate as directory information about that student.
- 4) At the end of the two-week period, each student's records will be appropriately marked by the records custodian to indicate the items the School District will designate as directory information about that student. This designation will remain in effect until it is modified by the written direction of the student's parent or the eligible student.

Gun-Free Schools

It is the policy of this school district to comply fully with the Gun-Free Schools Act.

Any student in this school district who uses or possesses a firearm at school, at any school-sponsored event, or in or upon any school property including school transportation or school-sponsored transportation will be removed from school for not less than one full calendar year. The superintendent or designee may modify the provisions of this policy on a case-by-case basis. However, any substantial modification must be reported to the Board of Education at its next meeting.

Firearms are defined in Title 18 of the United States Code, Section 921, as (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device including any explosive, incendiary or poison gas, bomb, grenade, rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine or any device similar to the above.

Such firearm or weapon will be confiscated and released only to proper legal authorities.

Students with disabilities are subject to this policy and will be disciplined in accordance with the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973.

An exception to this policy may be made for students participating in an authorized extracurricular activity or team involving the use of firearms or archery equipment.

Medical Marijuana

Regardless of a student, employee, parent or any individual's status as a medical marijuana licenses holder, marijuana is not allowed on the premises of the district or in any school vehicle or any vehicle transporting a student under any circumstances. While the use of medical marijuana in conjunction with the possession of a medical marijuana license is legal in the State of Oklahoma, marijuana is a prohibited controlled substance under federal law regardless of the use being for medical purposes. Accordingly, possession of marijuana by a student, employee, parent or any individual, notwithstanding the possession of a medical marijuana license, is strictly prohibited while on the premises of the district and in school vehicles; going to and from and attending district sponsored functions, events, and athletic activities, including those district sponsored functions, events and/or athletic activities which occur in a location other than the premises of the district; utilizing district equipment or transportation; and in any other instance in connection with the district where the district reasonably deems the possession of marijuana to be illegal.

In the event that a student, employee, parent or any individual is found to possess or to have possessed marijuana in any of the instances stated above, the district will proceed with all actions and consequences that are afforded under any state or federal law, employment contract, district policy, student handbook provision, or any other authority applicable to or adopted by the district.

Definitions

The terms "marijuana" and "possession of marijuana" will be interpreted by the district in accordance with state and federal law. The term "marijuana" includes, but is not limited to, any form of marijuana; all parts of the plant *Cannabis sativa* L., whether growing or not; marijuana seeds; marijuana oil, extract, resin, or residue; cannabidiol in any form; and marijuana edibles. Any conflict between state and federal law as to the definition of "marijuana" or "possession of marijuana" will be interpreted in favor of federal law.

Nondiscrimination

There will be no discrimination in the district because of an individual's status as a medical marijuana license holder.

Overlap with Other District Policies

The district recognizes that the legal aspects and consequences of medical marijuana are new and possibly subject to change. These legal aspects and consequences of medical marijuana effect many areas of the district's current policies regarding employees, students, parents and individuals on district premises or attending district events. The district will continue to enforce its current adopted policies. As the need arises with changes in state and/or federal law, the district will consider and/or examine district policies in order to assess whether revisions, if any, may be needed to a district policy in order to comply with state and federal law.

Nondiscrimination

Caney Valley Schools does not discriminate on the basis of race, color, national origin, religion, sex, disability, veteran status, or age in its programs and activities and provides equal access to the Boy Scouts and other designated groups. Career and Technical Education training is offered to all students in Agricultural Education, and in Business and Information Technology Education.

Philosophy of Caney Valley Schools

The mission of Caney Valley Schools is to provide a safe and positive learning environment where all students are prepared with the knowledge and skills to be productive, life-ready citizens.

Reporting Suspected Child Abuse and/or Neglect

In accordance with Oklahoma law, any person is required to immediately report suspected cases of physical abuse or neglect involving students under the age of eighteen (18) to the statewide toll free hotline of the Department of Human Services. The statewide DHS hotline number is 1-800-522-3511. Any person having reason to believe that a student age eighteen (18) or older is a victim of abuse or neglect shall immediately report the matter to local law enforcement. The board of education fully supports that requirement and has established this policy to facilitate such reporting.

Every teacher, support person, or other employee of this school district shall report any suspected physical, mental, or sexual abuse or neglect of any school student to the Department of Human Services by telephone. The employee shall also inform the building principal who will advise the superintendent that the report was made. The district reporting form should be used.

“Child Abuse and Neglect” shall include, but is not limited to:

1. Child abuse as defined in Section 843.5 of Title 21 of the Oklahoma Statutes;
2. Sexual abuse or sexual exploitation as defined in Section 1-1-105 of Title 10A of the Oklahoma Statutes;
3. Contributing to the delinquency of a minor as defined in Section 856 of Title 21 of the Oklahoma Statutes;
4. Trafficking in children, as defined in Section 866 of Title 21 of the Oklahoma Statutes;
5. Incest as described in Section 885 of Title 21 of the Oklahoma Statutes;
6. Forcible sodomy, as described in Section 888 of Title 21 of the Oklahoma Statutes;
7. Maliciously, forcibly or fraudulently taking or enticing a child away, as described in Section 891 of Title 21 of the Oklahoma Statutes;

Any such employer, supervisor, or administrator who discharges, discriminates, or retaliates against such person shall be liable for damages, costs, and attorney fees. Any person who knowingly and willfully fails to promptly report any incident of child abuse may be reported to local law enforcement for criminal investigation and, upon conviction thereof, shall be guilty of a misdemeanor. Oklahoma Statute Title 70 § 24-102 (effective date July 2001) states:

The superintendent, principal, teacher, or security personnel of any public school in the State of Oklahoma, upon reasonable suspicion, shall have the authority to detain and search or authorize the search, of any pupil or property in the possession of the pupil when said pupil is on any school premises, or while in transit under the authority of the school, or while attending any function sponsored or authorized by the school, for dangerous weapons, controlled dangerous substances, as defined in the Uniform Controlled Dangerous Substances Act, intoxicating beverages, low-point beer, as defined by Section 163.2 of Title 37 of the Oklahoma Statutes, or for missing or stolen property if said property be reasonably suspected to have been taken from a pupil, a school employee or the school during school activities. The search shall be conducted by a person of the same sex as the person being searched and shall be witnessed by at least one other authorized person, said person to be of the same sex if practicable.

The extent of any search conducted pursuant to this section shall be reasonably related to the objective of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction. In no event shall a strip search of a student be allowed. No student's clothing, except cold weather outerwear, shall be removed prior to or during the conduct of any warrantless search.

The superintendent, principal, teacher, or security personnel searching or authorizing the search shall have authority to detain the pupil to be searched and to preserve any dangerous weapons, controlled dangerous substances, intoxicating beverages, low-point beer, or missing or stolen property that might be in the pupil's possession including the authority to authorize any other persons they deem necessary to restrain such pupil or to preserve any dangerous weapons, controlled dangerous substances, intoxicating beverages, low-point beer, or missing or stolen property. Students found to be in possession of such an item shall be subject to the provisions of Section 24-101.3 of this title.

Pupils shall not have any reasonable expectation of privacy towards school administrators or teachers in the contents of a school locker, desk, or other school property. School personnel shall have access to school lockers, desks, and other school property in order to properly supervise the welfare of pupils. School lockers, desks, and other areas of school facilities may be opened and examined by school officials at any time and no reason shall be necessary for such search. Schools shall inform pupils in the student discipline code that they have no reasonable expectation of privacy rights towards school officials in school lockers, desks, or other school property (70-24-102).

Students who drive automobiles onto school property, by so doing, subject any such automobiles to a search upon "reasonable suspicion." An alert by a drug interdiction canine is an example of one of the many circumstances that may substantiate reasonable suspicion. Identification by a drug dog does not necessarily constitute possession but does constitute reasonable suspicion.

Sexual Harassment

All students, employees, and Board members are strictly prohibited from engaging in any form of sexual harassment of any student, employee, or applicant for employment, vendor representative, or patron of the School District. In the case of a student of the School District, "sexual harassment" is defined as unwelcome sexual advances, requests for

sexual favors, and other unwelcome verbal or physical conduct of a sexual nature by any person towards a student. Any student engaging in sexual harassment is subject to any and all disciplinary action which may be imposed under the School District's Policy on Student Behavior. Any employee or student who is or has been subjected to sexual harassment or knows of any student or employee who is or has been subjected to sexual harassment shall immediately report all such incidents to either the superintendent, principal, assistant principal, or any Board member of the School District. If a report of an incident needs to be made after normal school hours, the above-listed individuals may be contacted at home. It is preferred that all such reports be made in person or in writing signed by the reporting party. However, in order to encourage full, complete, and immediate reporting of such prohibited activities, any person may report such incidents in writing and anonymously by mailing such reports to the personal attention of any of the above-designated persons. All such reports should state the name of the alleged harassing student, employee, or Board member, the person(s) being harassed, the nature, contacts and extent of the prohibited activity, the dates of the prohibited activity, and any other information necessary to a full report and investigation of the matter. The School District will investigate all reports.

Student Health

Any medication brought to school without a form signed by parent or by a student will not be given. Any medication that is not in the original container will be disposed of. A note will be sent home with the student informing you that the medication policy was not followed. Medication that is in the original container will be held in the office for two days for an adult to pick up or to sign an Authorization to Administer Medicine form.

All prescription medication must have the pharmacy label that states the students name, dosage amount and instructions. Over the counter medication must be in the original unopened container with the students name written on it.

Prescription medication will be logged in when brought in to the school. Prescription medication will be in a locked cabinet. Prescription medication will be inventoried on a regular basis by the nurse or office personnel. A log sheet will be added to the back of the parental consent form. Keys to the cabinet will only be given to the school nurse and the main office personnel.

A maximum of 25 days of prescription medication may be kept at school for students. Keep the rest at home. An initial dosage of medication will not be given at school in case of an allergic reaction. The school does not provide cough drops/cough medicine or non-Aspirin/ Tylenol products for students. These must be supplied by parents for an individual child.

Meningococcal Disease & Vaccines

- **What is meningitis?** Meningitis is an infection of the tissue lining and fluid that surround the spinal cord and the brain. Meningitis is usually caused by a virus or a bacterium. Meningitis caused by a virus is usually less severe and goes away without any special treatment, while meningitis caused by bacteria can be severe and may cause:
 - Brain damage, Hearing loss, Amputation of arms or legs, Learning disabilities, or Death.

What types of bacteria cause meningitis? There are several types of bacteria that may cause meningitis, including:

- *Neisseria meningitidis*, *Streptococcus pneumoniae*, Group B streptococcal disease, and *Haemophilus influenzae* type B (Hib).

This information sheet will focus on the disease caused by *Neisseria meningitidis* (Nay-sear-e-a men-in-git-itdis), which is rare but especially risky for people of certain ages. Disease caused by *Neisseria meningitidis* is usually referred to as “meningococcal disease” (men-INjo-kok-ul disease). Many persons are exposed to *Neisseria meningitidis* and carry the bacteria in their nose and throat for weeks or months and spread the bacteria to others, but do not become sick themselves. If the meningococcal bacteria invade the body, they may cause a rapidly spreading infection of the blood, lung infection, or meningitis. More information about the other kinds of bacteria that cause meningitis can be found at the web sites listed in the box at the end of this information sheet.

Who is at risk from meningococcal disease? Babies less than a year old have the highest risk for meningococcal disease, but no vaccine is available for babies. The risk of meningococcal disease increases for teenagers and young adults 15 through age 21 years of age, because of behaviors that spread the disease. On average, two or three people in this age group get meningococcal disease every year in Oklahoma. More than half of these could be prevented by vaccine.

College students, military personnel, and other people living in close quarters or dormitory-style housing have a greater chance of contracting the disease than other persons their age. Other persons at increased risk include smokers or persons frequently exposed to second-hand smoke, those with immune system problems, those without a spleen, or international travelers going to countries where the disease is more common.

How is the disease spread? The disease is spread by respiratory droplets produced by a person harboring the bacteria and expelled a short distance by laughing, singing, coughing, or sneezing. The bacteria may also be spread by direct contact with the respiratory fluids of someone who is infected. That includes kissing, or sharing a water bottle, food item, cigarettes, lipstick, lip balm, mouth guard or anything an infected person touches with his or her nose or mouth.

Why is meningococcal disease dangerous? Meningococcal disease is relatively uncommon with about 2,500 people affected every year in the United States. However, the infection can spread very quickly and 300 of those people die in spite of treatment with antibiotics. Of those who live, about 400 a year lose their arms or legs, become deaf, have problems with their nervous systems, become mentally retarded, or suffer seizures or strokes.

For this reason, it is best to prevent the disease from occurring. Signs and symptoms of meningococcal disease may be confused with other infectious diseases. If your child has symptoms of meningococcal disease, contact your healthcare provider immediately.

Signs and Symptoms of Meningitis

- Headache
- Fever
- Chills
- Stiff neck

- Extreme tiredness
- Vomiting
- Sensitivity to light
- Rash of purplish black-red dots or splotches
- Confusion
- Seizures

How can meningococcal disease be prevented? Vaccines can prevent approximately two-thirds of the meningococcal disease cases. There are two types of meningococcal vaccine available in the United States (MCV4 and MPSV4) that protect against four of the five most common disease-causing strains of the meningococcal bacteria.

MCV4 stands for meningococcal conjugate vaccine and MPSV4 stands for meningococcal polysaccharide vaccine. Two doses of MCV4 are recommended for:

- All adolescents 11-18 years of age, and other people at high risk 2 through 55 years of age.

MCV4 should be given to all adolescents at age 11 or 12 years, unless they have received it before. A booster dose is due at age 16 years. For adolescents who receive the first dose at age 13 through 15 years, a onetime booster dose should be given at age 16 through 18 years.

Children 2 years of age and older and adults who are at high risk for meningococcal disease should receive 2 doses spaced 2 months apart. People at high risk include individuals who:

- Do not have a spleen, Have terminal complement deficiencies, HIV infection, or will be traveling to countries with high rates of meningococcal disease.

Teens and young adults age 16 through 21 years who receive(d) their first dose of MCV at 16 years of age or older do not need a booster dose.

MPSV4 protects against the same types of meningococcal bacteria as MCV4 and is indicated for use in adults over 55 years of age who are at risk for meningococcal disease.

Teenagers and young adults can also reduce their risk by taking good care of themselves, by eating a balanced diet, getting enough sleep and exercise, as well as avoiding cigarettes and alcohol.

Is this vaccine required to attend school in Oklahoma? Meningococcal vaccine is required for students who are enrolling for the first time in colleges and post-high school educational programs and who will live in dormitories or on-campus student housing. This vaccine is not required for children in elementary or high school in Oklahoma, even though it is recommended for all adolescents 11 years and older.

Is the meningococcal vaccine safe? Yes, both types of vaccine are safe; however, there are small risks associated with any vaccine. About half of the people who receive a meningococcal vaccine will have pain and redness where the shot was given, but because the vaccine is not made from the whole bacteria, it cannot cause bloodstream infections or meningitis. A small percentage of people who get the vaccine develop a fever. Vaccines, like all medicines, carry a risk of an allergic reaction, but this risk is very small.

A few cases of Guillain-Barre Syndrome (GBS), a serious nervous system disorder, have been reported among people who received MCV4. However, GBS is such a rare disease that it is not possible right now to tell if the vaccine is a part of the cause or simply due to chance alone because a number of cases of GBS will occur every year even without the use of MCV4 vaccine.

Does the meningococcal vaccine work? Yes. A single dose of MCV4 meningococcal vaccine protects about 90 percent of the people who are immunized against meningococcal disease caused by types A, C, Y, and W-135. These types cause almost two-thirds of all meningococcal disease among teenagers in the United States. It does not prevent type B, which causes about one third of the cases in teenagers.

Does the meningococcal vaccine prevent all cases of meningitis? No, it cannot provide protection against other causes of bacterial meningitis or type B meningococcal disease. Scientists have not been able to make a vaccine that will protect against type B.

Where can I get the vaccine for my son or daughter? If your child has health insurance, you can obtain the meningococcal vaccine from your regular healthcare provider. All county health departments in Oklahoma have the vaccine available at no charge for children 11 through 18 years of age who:

- Have no health insurance, Are Medicaid eligible, Are Native American, or Have health insurance that does not pay for vaccines or does not pay for meningococcal vaccine; and for children 2 through 18 years of age who are at high risk from meningococcal disease.

Where can I find more information? For more information, contact your healthcare provider or local county health department or visit these web sites: National Meningitis Association at www.nmaus.org Centers for Disease Control and Prevention at <http://www.cdc.gov/meningitis/index.htm>

This information sheet was prepared with information obtained from the Oklahoma State Department of Health, the Centers for Disease Control and Prevention, and the Children's Hospital of Philadelphia.

Students suspected of having a communicable disease will be requested to obtain a statement from the County Health Department or a licensed physician concerning their current health status.

- ***Head Lice/Bed Bugs***

Parents will be required to be present during the follow up head check. If no live lice are found, the student may return to class. The student will be rechecked within 7-10 days if there are still nits present. The parent will be informed that the nits will need removed to prevent re-infestation.

In cases of bed bugs or a severe lice infestation, inability of family to rid the child of infestation, chronic infestation, repeated infestation or possible impetigo (secondary bacterial infection of sores and scratches on the child's head), the parent will be required to keep child at home until they see a physician or county public health nurse and bring a note from a physician or nurse declaring they are lice and nit free.

Any discharge noted from the students eyes will result in the student being sent home for the day. To return to school they must have had 24 hours of treatment or present a note from the attending physician state the diseased in no longer contagious.

- **Scabies**

Students may return to school by presenting a statement of diagnosis from the attending physician and ONE day after treatment is complete.

STUDENT INTERNET USAGE POLICY

Terms and Conditions for Use of Internet

Internet access is available to students and teachers in the Oklahoma public school districts. We are very pleased to bring this access to Caney Valley and believe the Internet offers vast, diverse and unique resources to both students and teachers. Our goal in providing this service to teachers and students is to promote educational excellence in the Caney Valley Public Schools by facilitating resource sharing, innovation and communication.

The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. Students and teachers have access to:

- Communication with people all over the world, information and news, public domain and shareware of all types, discussions groups on a plethora of topics ranging from diverse cultures to the environment to music to politics, and access to many university catalogs.

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. The Caney Valley Public Schools and Oklahoma State Department of Education have taken available precautions to restrict access to inappropriate materials. However, on a global network it is impossible to control all materials and an industrious user may discover inappropriate information.

Internet access is coordinated through a complex association of government agencies, and regional and state networks. In addition, the smooth operation of the network relies upon the proper conduct to the end users who must adhere to strict guidelines. These guidelines are provided here so that you are aware of the responsibilities you are about to acquire. In general this requires efficient, ethical and legal utilization of the network resources. If a Caney Valley Public School user violates any of these provisions, their access will be terminated and future access could possibly be denied. The signature(s) at the end of this document is (are) legally binding and indicates the party (parties) who signed has (have) read the terms and conditions carefully and understand(s) their significance.

Internet – Terms and Conditions

A). Acceptable Use – The purpose of the NSFNET, which is the backbone network to the Internet, is to support research and education in and among academic institutions in the US by providing access to unique resources and the opportunity for collaborative work. School use must be in support of education and research and consistent with educational objectives. Use of other organization's network or computing resources must comply with the rules appropriate for that network. Transmission of any material in violation of any US or state regulation is prohibited. This includes, but is not limited to; copyrighted material, threatening or obscene material, or material protected by trade secret. Use for product advertisement or political lobbying is also prohibited. Use for commercial activities is generally not acceptable.

B). Privileges – The use of Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. Each student who receives access will participate in a discussion with a Caney Valley Public School faculty member pertaining to the proper use of the network. The system administrators and teachers will deem what is inappropriate use and their decision is final. The district may deny, revoke, or suspend specific user access.

C). Netiquette – You are expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to the following:

- Be polite. Your messages should not be abusive to others
- Use appropriate language. Do not swear, use vulgarities or any other inappropriate language
- Do not reveal your personal address or phone number or the addresses and/or phone numbers of students or colleagues
- Illegal activities are strictly forbidden
- Do not use the network in such a way that you would disrupt the use of the network by other users
- All communications and information accessible via the network should be assumed to be private property

D). The Caney Valley Public Schools and the Oklahoma State Department of Education make no warranties of any kind, whether expressed or implied, for the service it is providing. The Caney Valley Public Schools and the Oklahoma State Department of Education will not be responsible for any damages suffered. This includes loss of data resulting from delays, non-deliveries, mis-deliveries, or service interruptions caused by negligence, errors or omissions. Use of any information obtained via the Caney Valley Public Schools, or the Oklahoma State Department of Education is at the users own risk. The Caney Valley Public Schools is not responsible for the accuracy or quality of information obtained.

E). Security – Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem on the Internet, you must notify a teacher who will in turn notify a system administrator. Do not demonstrate any problems to other users. Do not use another individual's account without written permission from that individual. Attempts to access Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the Internet.

F). Vandalism – Vandalism is defined as any malicious attempt to harm or destroy hardware, data of another user, Internet, or any agencies or other networks that are connected to the NSFNET Internet backbone. This includes, but is not limited to, the uploading or creation of computer viruses. If a student causes vandalism or influx of viruses or commits cyber-crimes, that violation could also be addressed in a discipline matter. Consequences for negative behavior in regards to computers could widely range with the cancellation of privileges to the possibility of suspension from school for serious offenses.

G). – Due to the high influx of data destroying viruses and other cyber-crimes, Caney Valley's policy must be no checking, transmitting, or receiving of personal e-mail, no use of instant messengers or chat rooms, and no student outside disks or CD's may be brought into the Caney Valley district and loaded onto computers that are the property of Caney Valley schools. No outside personal devices may be used to access the Caney Valley network system or internet. Likewise, no downloading of material of any kind onto computers that are the property of Caney Valley schools. The Internet is for educational purposes only. Violation of this policy will result in Internet access privileges being revoked and/or appropriate school disciplinary action being taken.

H). – Exception of Terms and Conditions –All terms and conditions as stated in this document are applicable to the Caney Valley Public Schools, the Oklahoma State Department of Education, in addition to NSFNET. These terms and conditions reflect the entire agreement of the parties and supersede all prior oral or written agreements and understandings of the parties. These terms and conditions shall be governed and interpreted in accordance with the laws of the state of Oklahoma, and the United States of America.
